

RUSSIAN MASSES FAVOR STOESEL

Public Sentiment Demands Trial
Of Kuropatkin and
Alexieff.

PENALTY MAY BE COMMUTED

Press Generally Express Sympathy for
Aged Soldier and Bespoken Im-
perial Clemency for Him.

St. Petersburg, Feb. 21.—The passage of sentence of death yesterday by a court martial upon Lieut. Gen. Stoessel, who was tried on charges of cowardice and treason in surrendering Port Arthur to the Japanese, is received with little satisfaction in the Russian capital, where it is felt that the trial of Generals Stoessel, Fock, and Smolny, has done practically nothing toward establishing the real responsibility for the fall of the fortress.

The court indeed fixed the extent of the guilt of Stoessel and others, but neglected to judge the situation of which they were the product. It declined to admit testimony regarding the preparedness of the fortress at the beginning of the war, the role of the navy in the defense of the fortress, and the high military and political factors in the humiliation of Russia.

The newspapers today express sympathy with Gen. Stoessel and declare that the death sentence undoubtedly will be commuted. They demand also that Gen. Kuropatkin, Viceroy Alexieff and other officials still more intimately responsible for the loss of the war, be placed on trial.

Family Kills Herself.

Hartford, Conn., Feb. 21.—Because of her regret over the conviction of Gen. Stoessel at St. Petersburg, Amelia Karris killed herself here yesterday by taking a poisonous gas.

OUR OWN JACK TARS ARE GALLANT SAILORS.

Long, Feb. 21.—Rear Admiral Evans has given orders that the ships of the fleet admit visitors daily from 2 to 5 p. m., except when they are coaling. This order is very pleasing to the people of Long, who are taking advantage of the courtesy extended. Yesterday afternoon several Porvian families visited the Kentucky. The women were mostly interested in viewing the battleship and enquiring with the attention accorded them. Dancing was suggested, the officers of the battleship responded gallantly and an impromptu ball took place. The music being furnished by the ship's band.

Rear Admiral Evans is feeling better this morning, but he still has to walk with the aid of a cane.

Lieut. Cordier, the naval attaché of the United States, is a frequent guest on board the warships.

TAKT BACK TO WORK. RIDES AND ARGUMENTS

Washington, Feb. 20.—Soc. Taft, who spent 12 days in Pullman cars and hotels, took the opportunity this afternoon to follow the instructions recently issued to army officers to take an hour off for recuperation. The secretary, accompanied by Gen. C. C. Evans, went for a horseback ride in Rock Creek park. Besides making an argument on Philippine matters before the house committee on insular affairs immediately on arriving from New England this morning, the secretary attended a protracted conference on Panama canal matters at the White House, went over the Cuban situation with Gov. Magoon at his office in the war department, cleared up a crisis of department matters, received

TWICE CURED OF SKIN TROUBLES

First Case a Rash Which Itched and
Stung—Threatened Ten Years
Later With Blood-Poison in Leg
—But Both Times the Sufferer's

RELINCE IN CUTICURA PROVED WELL-FOUNDED

"About twelve or fifteen years ago, while living in West Virginia, I had a breaking-out and it itched and stung so badly that I could not have any peace because of it. I saw three doctors and they did not agree on what it was, so one of them gave me something that he called medicine, but I called it soda water. I might just as well have washed in rain-water. Then I got some Cuticura Soap, Cuticura Ointment, and Cuticura Balm, and began to get better right away. They cured me and I have not been bothered with the itching since, to amount to anything. About two years ago I had a gripe and pneumonia, which left me with a pain in my side. Treatment ran it into my leg, which then swelled and began to break out. It got so pretty bad that I went to a doctor. He was afraid it would turn to blood-poison. I used his medicine but it did no good. So I sent for another set of the Cuticura Remedies. I used them three times and cured the breaking-out on my leg. Now I won't be without Cuticura. J. E. Henmon, R. F. D. 3, Milan, Mo., May 13, 1907."

New York, Feb. 20.—John R. Hegeman, president of the Metropolitan Life Insurance company, presented himself at the office of the district attorney today and was formally placed under arrest on charges of forgery and forgery. The charges are the same on which Mr. Hegeman was indicted recently. There were seven charges of forgery and three of forgery.

When Mr. Hegeman was taken to the indictments were returned, Judge Dowling dismissed the forgery charges and sustained those alleging forgery. District Attorney Jerome and J. D. Lindsay, counsel for Hegeman, expressed dissatisfaction with Judge Dowling's action, and it is said that upon the decision which will result from the appeal will hang all the pending prosecutions against various insurance officials in matters of annual reports.

Immediately after his arrest Mr. Hegeman was arraigned in police court and held on the charge of forgery. A few moments later Justice Pitkin, in the supreme court, issued a writ of habeas corpus, directing the warden to bring the body of Mr. Hegeman to the supreme court this afternoon.

S. WEIR MITCHELL is still—as he has been for more than a quarter of a century—one of the men in whom the American public is most interested. His talents are so diversified that it is impossible to point out which one of them is in the ascendant. If he had been content to rest his reputation in medicine, which was his first love, it would have been sufficient to immortalize him, for he is one of the world's greatest alienists and neurologists. Without relaxing in his devotion to his chosen profession, Dr. Mitchell entered the ranks of the fictionists and from the first took his place at the front. His most recent manifestation has been in the direction of the faith cure as it is practiced at Emmanuel church, Boston. The active workers in this form of healing admit that it was Dr. Mitchell who suggested the combination of faith and science now employed.

Never eat a heavy meal when very tired.

The stomach with its nerves of digestion that govern the outpour of the digestive juices is unable to react during a condition of exhaustion.

A short rest, then a dish of crisp, savory Grape-Nuts and cream will be promptly absorbed and in a short time the vital powers will be restored. Then the stomach will be in condition to digest with comfort, other desirable foods which the natural appetite may call for. There are many sides to the value of Grape-Nuts. Try it out for yourself and you'll soon realize "There's a Reason."

VERY SUCCEPTIBLE.

Neglect of even an ordinary cough or cold is apt to leave the lungs sore and especially susceptible to bronchial affections. To break up a cold quickly and cure any cough that is curable there is nothing more effective than a mixture of one-half ounce of Virgin Oil of Pine, with two ounces of glycerine and a half pint of good whiskey. Take a teaspoonful every four hours. Five ounces of tincture of Cinchona compound can be used instead of whiskey with the same result.

The ingredients for this mixture are not expensive and can be purchased at any good drug store. It will always be found more satisfactory, however, to purchase each separately and mix them at home. Virgin Oil of Pine is a pure compound guaranteed by the manufacturers under the Food and Drugs Act, Serial No. 451, and is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, O., being put up for dispensing, only in one-ounce vials, each vial securely sealed in a round wooden case.
